### Charging the MOTA Wireless Charger:

1. Connect the micro USB connection of the charging cable to your MOTA Wireless Charger's micro USB port.
2. Connect the USB connection of the charging cable to a USB power source, such as your computer or wall adapter.
3. When the Wireless Charger is charging, the blue LED indicator lights will flash. Once fully charged, all 4 LED lights will be illuminated.

### Checking the Charger's Remaining Power:

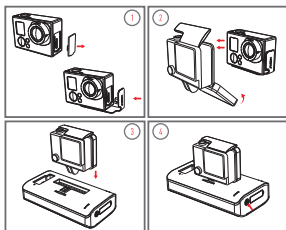

1. Pressing the power button will activate the battery indicator LED lights which show the remaining capacity.

## HOW TO USE

### Wirelessly Charging Your GoPro®

1. Remove the side door and connect the MOTA Wireless Receiver to the mini USB port on the camera.
2. Place the camera (with receiver) into the housing, keeping the receiver close to the bottom of the camera. Close the housing door and latch.
3. Insert the housing into the MOTA Wireless Charger Base.
4. Press the power button to start charging.
5. To turn off the Charger, press the power button for approximately 3 seconds.

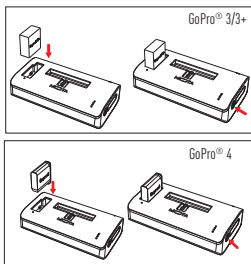

- The Wireless Charger Status Indicator is solid blue when wirelessly charging.  
If no Wireless Receiver is present, it flashes red.

### Charging via USB:

1. Press the POWER button to turn the MOTA Wireless Charger ON.
2. Plug your smartphone or other USB device into the "out" port to start charging.

## Charging Your Spare GoPro® Battery

1. Press the POWER button to turn the MOTA Wireless Charger ON.
2. Place your spare GoPro® compatible battery into the battery slot and ensure that the red LED status indicator displays a solid light.  
(A) Battery Status Indicator Light is RED when charging.  
(B) Battery Status Indicator Light is BLUE when charged.

- The spare battery slot is compatible with GoPro® 3, 3+, and 4-compatible batteries.
- Charging both a spare battery and a device via the USB port simultaneously is not possible due to the Wireless Charger's overcharge protection. If both functions are used at the same time, the overcharge protection will activate and the Charger will automatically power off.

## FAQ

**Q: Are all housing cases supported by the MOTA Wireless Charger?**

A: The housing cases supported are:

GoPro® 3 Standard housing case (waterproof 10ft/3m)/BacPac

GoPro® 3+ Standard housing case (waterproof 10ft/3m)/BacPac

GoPro® 4 Standard housing case (waterproof 10ft/3m)/Touch BacPac/Skeleton Bacpac/Touch BacPac

Please ensure that the housing case you are using does not have a metal frame and metal base joint. Metal will cause interference in the magnetic field and may lead to charging rate attenuation and equipment damage. Third-party GoPro® housings may not be supported.

**Q: Is the magnetic field harmful to human health or the camera?**

A: The principle of wireless charging is based on magnetic fields to transmit electric power through the air. The levels are low, and are similar to the levels in a wireless mouse.

**Q: Is the MOTA Wireless Charger water-resistant?**

A: The MOTA Wireless Charger is able withstand penetration of water to a limited degree. Please do not submerge in water or use in a heavily humid environment. If liquid gets inside the battery slot, please do not use until it is completely dry.

**Q: How long does it take to fully charge the GoPro® battery using the MOTA Wireless Charger?**

A: It takes approximately 2.5 hours.

Q: What devices does the USB port support?

A: MOTA Wireless Charger is compatible with devices that support USB power-supply and max output current under 1.0 A , which means that you could charge your smartphone , bluetooth microphone and etc.

For each claim made under this Limited Warranty ("Claim"), Purchaser must, within 10 days of discovering a New Product problem indicating a breach of this Limited Warranty, deliver to MOTA® ELECTRONICS a written notice that explains in detail the New Product's specific defect, that shows proof of Purchaser's purchase of the New Product before the end of the Warranty Period, and that shows proof that this Limited Warranty applies to the New Product. MOTA® ELECTRONICS or its agent may investigate any Claim. For each Claim, MOTA® ELECTRONICS may, in its sole discretion, choose any of the following exclusive remedies: (1) repair or replace the New Product or any part thereof with same or similar Product, without charge to Purchase, but first Purchaser must return the New Product to MOTA® ELECTRONICS' authorized repair facility, pre-paying all shipping charges, and Purchaser must accept the same as repaired or replaced at the facility's location (i.e., FOB the facility) within 10 days of the date of MOTA® ELECTRONICS' completion notice sent to Purchaser, or else MOTA® ELECTRONICS will deem the New Product abandoned, 10 in which case MOTA® ELECTRONICS may keep, sell, or

otherwise discard it; or (II) refund the New Product's purchase price to Purchaser. Without paying any amount to Purchaser, MOTA® ELECTRONICS has refunded the purchase price to Purchaser. In repairing or replacing any New Product, MOTA® ELECTRONICS may, in its sole discretion, use new, used, or reconditioned parts or provide a refurbished used product as a replacement. In connection therewith,

MOTA® ELECTRONICS warrants that all new, used, or reconditioned parts or refurbished used products will be free from all material defects in workmanship and materials during the Warranty Period and for a period of up to 90 days thereafter, but only to the extent that such event occurs during the final 90 days of the Warranty Period. MOTA® ELECTRONICS may, in its sole discretion, (i) establish separate, additional, non-warranty repair and replacement programs for any new or used Product ("Non-Warranty Service Programs"), (ii) the Non-Warranty Service Program may cover any time period, before or after any Warranty Period has expired, and (iii) charge any amount and impose any term with respect to any Non-Warranty Service Program. For Non-Warranty Service Programs, MOTA® ELECTRONICS warrants that all new, used, reconditioned, or refurbished parts and products used to repair or replace any product will be free from all material defects in workmanship and material, but only for a limited period of 90 days thereafter. Purchaser
